Intern

Phone: 8610623230

Email: madhankumark763@gmail.com

Address: Chennai, India

- Hi ,I am Madhan Kumar , currently pursuing my Bachelor's in field of Computer Science in Panimalar Institute of Technology. Even though I'm not a techie ,I would always love to know about the "Tech Advancements".
- It always gives me a great elation on working in a "Team " ,instead of going as a "Independent worker".
- I always love to interact with people ,and get to know about something that pushes me a step better forward.
- Currently, I'd would like to take internships because great knowledge can be acquired only through Hands-on experience.
